

CTP ABC Gaskets Program

ABC Gaskets Kits

The ABC Gasket Kit Program is designed to consolidate gasket kits and make it easier for the parts person to order and for the rebuilder himself to quickly identify and organize their seals and gaskets. At the same time, they can be assured that everything they need is included for each particular rebuild.

Kits are packed into sub kits (Front set, rear set, lower set, etc.) inside the gasket kit for easy identification.

El programa de los Kit de Empaquetaduras ABC está diseñado para facilitar al cliente la orden de piezas. Al mismo tiempo facilita la rápida identificación y organización de los sellos y juntas necesarios para la reconstrucción de su motor diesel. Esto asegura al cliente que todas las piezas necesarias para la reconstrucción de su motor están incluidas en una sola caja.

How to choose from the different sets of kits:

- A = Out of Frame Overhaul Set**
- B = Inframe Overhaul Set**
- C = Multiple Cylinder Head Replacement Set**

Other options are identified with the letters D or E.

The part numbers are designated as follows:

CTP + engine number + Consecutive Number + ABC
(D or E suffix if available).

Cómo elegir el kit que necesita:

A = "Out-of-frame overhaul" Incluye todas las empaquetaduras y partes necesarias para realizar una reconstrucción completa de su motor.

B = "In-frame overhaul" Incluye todas las empaquetaduras y partes necesarias para realizar una reparación dentro del marco de su motor.

C = Sistema de reemplazo de empaquetaduras de culata para una instalación efectiva en su motor.

Otras opciones se identifican con las letras D o E.

El número de parte está compuesto de la siguiente forma:

CTP + Número de motor + Número consecutivo + A, B, C (sufijo "D" o "E" también están disponibles).
